

The Opportunity: CPPA Volunteer Community Animator

How will you be contributing?

You will lead the creation of a strong community of volunteers by developing programs that bring the volunteer side of the organization together to experience PERMA and working with each volunteer to develop themselves personally and professionally through their work with CPPA but also through ancillary activities individual or group activities

You will play an important role in
Conceptualizing planning and executing the

- Development of individualized development plans for each volunteer
- Establishment of PERMA activities to bring the the volunteer community together

Who are we looking for?

We are looking for a individual with a strong positive psychology background who is talented in engaging and leading others in small virtual event planning and execution and who thrives on helping others to develop themselves personally and professionally

What will the work involve?

Get to know each volunteer and determine ways that they would like to grow that are aligned with their current or a future role with the organization
Engage the volunteers as a group in establishing regular PERMA activities on at least a monthly basis

How much work and commitment is involved?

Approximately 3 hours per week year round with some periods requiring more time than others

Benefits to you:

Be part of the next phase of CPPA's growth across the country
Share in the planning with incredibly talented people committed to the value and development of Positive Psychology
Leave a legacy of an incredibly strong sustainable team of diverse expertise
